 Selectmen meet 1st and 3rd Mondays of each month at 7:00 pm.

TOWN WARRANT

The State of New Hampshire

THE POLLS WILL BE OPEN FROM 10:00 A.M. to 6:00 P.M.

To the Inhabitants of the Town of Boscawen in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Boscawen on Tuesday, the Eleventh day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

- 1. To choose all necessary Town Officers for the year ensuing.
- 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
- 3. To see if the Town will vote to authorize withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act for use as a setoff against the following departments.

APPROPRIATION	Amount
Police Department	\$10,000
Fire Department	10,000
Highway Department	11,886

- 4. To see if the Town will vote to raise and appropriate a sum not to exceed \$380 to reimburse HUD for the Town's share of a planning grant for sewer facilities.
- 5. To see if the Town will vote to raise and appropriate a sum not to exceed \$4,514 to the Concord Regional Visiting Nurse Association.
- 6. To see if the Town will vote to raise and appropriate a sum not to exceed \$3,500 to help support the Penacook Rescue Squad for its emergency medical services and rescue operations for the Town.
- 7. To see if the Town will vote to raise and appropriate a sum not to exceed \$6,800 to purchase a new police cruiser for the Police Department.
- 8. To see if the Town will vote to raise and appropriate a sum not to exceed \$18,000 to purchase a new highway dump truck for the Highway Department.
- 9. To see if the Town will vote to raise and appropriate a sum not to exceed \$1,500 for the Penacook Youth Center.

10. To see if the Town will vote to raise and appropriate the sum of \$1,523.41 for services to low-income residents of Boscawen through the Concord Area Center, Community Action Program, Belknap-Merrimack Counties, Inc.

11. To see if the Town will vote to raise and appropriate a sum not to exceed \$3,500 to purchase an office copier.

12. To see if the Town will vote to extend the term of the five-member Study Committee on Town Offices Building until the next annual meeting.

13. To see if the Town will vote to empower the Selectmen to borrow such sums of money as may be necessary to meet current expenses of the Town until the taxes are paid to the Treasurer.

14. To see if the Town will vote to give the Selectmen authority to transfer or sell property taken by the Town in default of Redemption from the Tax Sale or otherwise acquired and such sale to be at public auction with Selectmen reserving the right to accept or reject any or all bids.

15. To see if the Town will authorize the Selectmen to sell the Haase property located south of Walker Pond to Martin T. and Alan H. Haase for all back taxes, interest and costs. The Boscawen Conservation Commission has recommended that this property be disposed of in this manner.

16. To see if the Town will vote to request the Selectmen to reconsider the rent rates they set on the Town Hall, and their policy on dump collection, and other concerns of the Town Hall facilities. (By Petition)

17. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this nineteenth day of February, in the year of our Lord nineteen hundred and eighty.

SELECTMEN'S REPORT

For the third year in a row, we have been able to pass along to our taxpayers a substantial tax reduction. This was caused in part by a concerted effort to maintain a level of services to the Town without drastically increasing the various budgets. It was also caused in part by a gain in tax base as a result of new construction. It should be pointed out, however, that our base has been eroded by various exemptions allowed by statute. It is the feeling of the Selectmen that this situation has peaked out and that new construction should help us considerably in maintaining a respectable base.

Unlike many towns and municipalities throughout our area, we are still in a good position to provide a level of services commensurate with the size of the Town. It is significant that through good management practice the Town is virtually debt free. The only remaining debt at the present time are the interceptor sewer bonds which will be paid in full in February of 1984. At the present time, the Selectmen do not anticipate a need for bonded indebtedness other than your normal tax anticipation notes.

The combination of inflation and high cost of energy have again had an impact on the Town and all phases of the budgetary process. Through the full cooperation of our dedicated Town employees, we have been able to keep the Town on an even keel. During the year, the Selectmen initiated a program to conserve energy by tightening up town buildings, adding insulation, storm windows and maintaining lower temperatures in all buildings. In the last quarter of 1979, we were advised by our fuel suppliers that we were again placed on an allocation for both gasoline and diesel fuel. Immediate steps were taken to maintain a level of supply that should prevent any shortage problems in an emergency.

We continue to have problems maintaining a reasonable operating cost for our sewer users. The Selectmen have worked very closely with the City of Concord on obtaining a reduction in operating cost of the treatment plant. However, during the year, two major industrial users cancelled the use of this system which in turn may have a considerable impact on the overall cost to operate the plant. We are continuing to work with the City of Concord on this subject, and it is our hope that we can minimize the impact.

As a result of recent legislation, it has become necessary for the Town to provide unemployment compensation benefits which are an added expense to the Town. Through the N. H. Municipal Association, we have joined in with other municipalities in the state in a self-insurance fund for both unemployment benefits and workmen's compensation. This should provide significant savings in the future.

As a result of the action by the voters of the 1979 annual meeting, the Parks and Recreation Committee proceeded to apply for Federal matching funds for the development of the Town park located on Depot Street. As of this writing, the project has been approved and we should be in a position to start construction this spring.

During the fall, we cleaned up the building to be used for recreational purposes at the site and painted the exterior. In addition, considerable outside clearing work was completed including: cutting brush and grading the field. We appreciate the considerable effort and time spent by the Parks and Recreation Committee in undertaking this project, and we feel certain that the townspeople will be proud of this facility.

Also, in accordance with the vote of the 1979 annual meeting, a certified public accounting firm has been retained to conduct the year-end audit. This will not be completed until late spring and the results will be made available to interested parties. This will be a complete audit of all Town financial records and will be available in the Selectmen's Office when complete.

Respectfully submitted,

Richard G. Sweatt
David R. Plourde
Richard C. Hartford, Chairman

AUDITORS' REPORT

May 14, 1979

Board of Selectmen
Town of Boscawen
Post Office Box 24
Penacook, New Hampshire 03303

We, the undersigned Auditors of the Town of Boscawen, certify that we have examined, checked and verified the records of Tax Collector, Town Clerk, Treasurer of the Library Trustees, and Treasurer of the Trust Funds in accordance with the guidelines furnished by Municipal Services Division, Department of Revenue Administration. Some corrections were noted.

We did not complete our audit of the records of the Selectmen and Treasurer because the records were removed from the Town Offices on February 27th contrary to our agreement with Mr. Plourde. Prior to this date we were delayed on February 16 and again on the 23rd because not all the Treasurer's records were available in the office as promised. We have waited two and one-half months for word from you that the records have been returned for us to complete our audit but to no avail.

We would call your attention to RSA 41:29 Duties (Town Treasurer) "... He shall furnish to the selectmen statements from his books, and submit his books and vouchers to them and to the town auditors for examination, whenever so requested." This is the second year we have encountered difficulties auditing the Treasurer's records.

Under RSA 41:31 Choice; Duties (Town Auditors) "... shall at the annual meeting choose one or more auditors who shall carefully examine the accounts of the selectmen, town treasurer, town clerk, clerk or other person acting as clerk of a municipal court, collector, of taxes and *any other officer or agent handling funds* of a town, at the close of each fiscal year and at other times whenever necessary, and report to the town whether the same are correctly cast and well vouched." Our report for the year 1977 called your attention to the fact that the person responsible for collecting Trailer Park fees should keep a separate ledger showing amounts received. This is still not being done. We did find a few paid invoices in the Treasurer's receipts showing collection of trailer park fees but these receipts were far short of the total amount collected as shown in the Treasurer's statement.

We found again that all bills were not paid by invoice nor approved by a majority of the Selectmen which is contrary to RSA 24:29 and guidelines issued by Bureau of Business Administration.

Respectfully Submitted,

Mark R. Lorden
Frances C. Rostron

TOWN OF BOSCAWEN 69-0120324 001

June 8, 1979

On June 6, 1979 I talked to Mrs. Patricia Knight (Bookkeeper) for the Town of Boscawen and audited the books for Calendar Year 1978.

The accounting and record keeping system is set up that the (Highway Dept., Cemetery, Town Dump, Special Police, Volunteer Firemen, Elected & Appointed Officers, Janitor, Clerical Help, Part-time Help, Employees of the Town) submit time sheets to Mrs. Knight, who figures the gross wages and deductions. Then she posts to the payroll sheets, which are tallied quarterly and the OAR-S3 Wage Reports are made out and submitted to the State with the contribution. At the end of the year, W-2 Forms are made out. Records are readily available and maintained in a safe place for at least four years. Spot checked the payroll sheets, OAR-S3 Reports, and W-2 Forms. Wage Reports are completed properly and a-1 covered employees are reported with the following exceptions:

Summary of Findings:

No exceptions to correct wage reporting.

Recommendations for Action:

None

BOSCAWEN TOWN MEETING March 13, 1979

The annual town meeting was called to order at 10:07 A.M.

The moderator read the warrant and declared the polls were open until 6 P.M.

Mr Hartford moved that Articles 2 through 19 be delayed until after the ballots are counted. Tellers were Donald LaValley, Della Merchant, Florence Mullin and Vincent Vigue.

The polls closed at 6:30 P.M. after all in the hall had voted. Results were:

Selectman:	Kevin J McCarthy	176
	John C Hollins	180
	Richard C Hartford	270--writin votes
Town Clerk:	Barbara M Holmes	339
	Doris S Silver	276--writin votes
Treasurer:	Patricia C Knight	561
Auditors:	Frances C Rostron	480
	Mark R Lorden	480
Trustee, Trust Funds:	Henrietta I Kenney	555
Trustees		
Library:	Grace Creaser	505
	Joseph Bowes	474

All floodplain amendments were passed with 626 ballots cast

The meeting opened at 8:35 P.M. with the first item of business choosing other officers for the ensuing year.

Official weighers:

Amos Merchant moved that the clerk cast one ballot for the incumbants: Roger C Sanborn, Charles Scheys, Robert A Davis, Fred Supry, Abbott Lawrence, Agnes M Marshall.

2nd by Fred Supry, passed on vv

Surveyors of wood and lumber

Amos Merchant moved that the clerk cast one ballot for the incumbants: Abbott Lawrence, Charles Brown, Arthur E Bartlett, William Bailey Jr.

2nd by Fred Supry, passed on vv

Fence viewers

Fred Supry moved the present incumbants be reelected on one ballot cast by the clerk.

2nd by Richard Sweatt passed by vv

They are Robert Kenevel, James Steenbeke Jr , Ernest Cummings.

Article 2: Richard Sweatt moved the budget as printed in the town report.

2nd by David Plourde

Richard Rineer offered an amendment, 2nd by Donna MacIvor to amend Article 2 to include \$400.00 to be added to Recreation and Parks to be divided as follows: \$250.00 for Penacook Youth Center and \$150.00 to Rolfe Park. Mr Rineer stated this had alwayd been in the budget previously. The amendment was passed on vv

Article 3: Moved by Fred Supry, 2nd by Richard Sweatt

passed on vv

Article 4: Moved by David Plourde, 2nd by Richard Sweatt

passed on vv

Article 5: moved by Melodye Currier, 2nd by Richard Sweatt

passed on vv

Article 6: Moved by Daniel Carey, 2nd by Richard Sweatt.

Slight discussion as to where the old cruiser was going.

Chief Russell: It will be traded in or put out for bid and money in the General Fund

Edward Damon: What kind of car will be purchased?

Chief Russell: A buickleSabre. this is through a state bid. The old one was a lemon, we should stay with state bids.

Mr Hartford: This is a special police package.

Chief Russell: It has a 350 engine, and heavy duty equipment, recommended by the State Police.

passed on vv

Article 7: Moved by David Plourde, 2nd by Richard Sweatt.

passed on vv

Article 8: Moved by Richard Hartford, 2nd by Richard Sweatt.

passed on vv

Article 9: Moved by Richard Hartford, 2nd by Richard Sweatt.

Douglas Hayes offered the following amendment to Art 9

“To see if the town will vote to raise and appropriate seventy five hundred dollars to be placed in an escrow account to be used for the construction of town offices and further; that a five (5) member study committee be established and appointed by the town moderator to investigate the use of existing town property and arrive at a firm, cost effective proposal for town offices to be presented by article for voter approval at the nineteen eighty (1980) annual town meeting.”

this was seconded.

Mr Sloane objected that this was point of order--a new motion.

Question: Does this change the intent of the original motion?

Mr Plourde stated it changed the intent of the article.

The moderator ruled to accept it as a valid amendment

Mr Sweatt stated it was to raise \$7500 to move the building not to provide----

Mr Hayes: The purpose to effectively study the feasibility of moving a building across the street should be studied by a committee.

Mr Sweatt: What is not feasible?

Mr Hayes: Putting good money after bad, why move it?

Mr Sweatt: we should have asked for \$150,000

? : Let the town people stand up and decide, not let three people decide (applause)

Mr Supry: The time to come to a head, Is the proposed building big enough? use judgment.

(at this point Mr Hartford stated the addition would be 12x24. This was not in the article)

Herbert Huckins: There are enough places instead of adding shacks.

? How was the \$7500. arrived at?

Mr Sweatt: At the budget meeting Ray Steenbeke gave the figure.

Frances Rostron: What about the cellar hole?

Mr Sweatt: fill it in.

Kenneth Marshall: Does this article supercede Article 9?

Mr Hartford: I respect Mr Hayes but the amendment overlooks the town officials. They know what the needs are, whether move or build a new one. A new building would cost \$75,000 to \$100,000 but to pass an amendment to tell what the needs of the town are--it needs to be accessible to accomodate the public, more space is needed.

? What would it cost to fix it up?

? Not more than \$7500.

Glenda Hill: If you put on a 12x12 addition to include two bathrooms, and you want more space, do you have it?

Mr Hartford: we have a double door safe that came out of the old police station.---we may be able to tie into the police station septic tank.

Mr Johnson: May I speak as a citizen? (no objection)

Five years ago I thought we should be providing full time offices. The clerk, tax collector should be full time. A study committee is not a bad idea. For convenience officers should be full time. ?We better consider a place for the selectmen to meet and entertain.

Bruce MacIvor: The amendment is not voting down the article, it is putting it in proper perspective. There is nothing that the committee would dictate.

Mr Plourde: Yes we would like all town offices in one building. It would enhance (?) times the building would be open.

Melodye Currier: It would be crowded.

Craig Nixon: For \$7500 would there be a septic system the state would approve.

Roger W Sanborn: For \$7500 all this? everything or nothing?

Rusty Colby: Cant fix tennis courts, they are on private property.

Mr Hayes: How long have they been there and now need more physical space. Why are the Selectmen on the defensive. You should study this and have more foresight.

Mr Plourde: We should have asked for \$100,000

Mr Supry: In case the amendment is defeated what are they going to do?

Moderator: The amendment is substituted for Article 9

Article 10: moved by Richard Sweatt to to table
2nd by David Plourde.

passed on vv

Article 11 Moved by Roger C Sanborn to accept as printed
2nd by David Plourde

Claudia Damon: What was the plan between the Selectmen and the Planning board?

Mr Hartford: The subject goes back 4-5 years. The street was not built according to plan, less than sub-division requirements. Talking from memory, probably Bob Kenevel can remember. They needed a 50foot ROW; 2 drainage--, a culvert at the intersection, a T on both ends. The town did the work and it was paid by Donald and William Welcome. The selectmen agreed to make the recommendation before the town. Is that correct?

Robert Kenevel: they did require the surfacing of roadway.

passed on vv

Article 12: Moved by Richard Hartford
2nd by Richard Sweatt

George Mullins: "hat is the dollar value associated with this article?

Mr Plourde: It does not have a dollar value

Mr Hartford: Workmens compensation is getting to a point where the rates are going up The Municipal Association has set up a fund and made a guarantee it will not be more than the existing premium. It is an increasingly large part of the budget.

Mr Supry: Will the town workmen get more benefits?

? Are the firemen covered?

? Yes.

passed on vv

Article 13: Rhoda Hardy moved the article, 2nd by David Plourde.

Roger W Sanborn: What is the purpose?

Richard Sweatt: to save paper work

Doris Silver commented

passed on vv

Article 14: Moved by Fred Supry, 2nd by Marion Houston
passed on vv

Article 15: Moved by David Plourde

seconded

Edward Damon: moved to amend the article to strike “or otherwise acquired” this was seconded

passed on vv

The article was passed with amendment by vv

Article 16: (petition article)

Richard Sweatt moved to table the article

2nd by David Plourde

voted down

Claudia Damon moved the article, 2nd by Roger W Sanborn

It was moved by Bruce Sloane that it be voted with a show of hands.

Maxwell Millard: Moved to amend the article to strike out “or otherwise acquired” 2nd by Donna MacIvor.

Claudia Damon: The right to sell property given to the town would be removed. Article 16 says the property will come before the Conservation Commission before they can sell it. Article 15 relates to property the town owns.

Selectman: What happens if the bank owns the property?

Claudia: Before disposition the Conservation commission would have to see it. They will be in the unique position to use their expertise.

the amendment was defeated.

Douglas Supry moved to amend the article “....of the next annual town...to add the words “or special” meeting. To read next annual meeting or special meeting

2nd by Rick Trombley

Mr Hartford: The Conservation Commission was adopted two years ago under RDS 42A they have full power to act. This article by petition requires it be mandatory rather than may.

Mr Sweatt: The Selectmen have never sold property by tax sale. The petition is mandating.

Marion Houston: If property is not redeemed in 2 years it is deeded to the town. Explanation of legal proceeding for unredeemed property

Douglas Suprys amended defeated

Article 16 was adopted as read with 146 yes votes (standing)

Article 17: moved by Fred Supry, 2nd by ?

Carl Russell explained the intent of the article and the work to be done

Glenda Hill: \$1300.00 has been raised for the tennis court and work to be done this year. new bleachers at the new field are needed.

John Hollins: This has not gone out on bid, hopefully can be shaved.

Viola Knowlton commented on too much emphasis on baseball.

Kenneth Marshall: The safety of the children must be a concern.

Penny Nixon: What happened to the survey?

Carl Russell: I don't know where it is.

Fred Supry: no need to be concerned with safety. He mowed the field last summer and no children were down there before the trucks left and they go when they come back.

Carl Russell: the most concern is with the river.

Richard Sweatt moved an amendment that the words "raise and appropriate" be added to the article, David Plourde 2nd amendment passed

Bruce Sloane said move the question

Article passed on vv

Article 18: David Plourde moved, Richard Hartford 2nd passed on vv

Article 19: Frances Rostron took issue with the selectmen's report regarding the auditors. They did not have the books for a proper time to finish the auditing. the report was misleading.

Donna MacIvor: why no report this year?

Mrs Rostron: We did not receive the books.

Dorothy Sanborn questioned discrepancies between trust fund receipts to town treasurer and amount trustees dispersed. Doris Silver explained, but no one could explain the discrepancy in the library trust fund disbursement and receipts

Bruce Sloane moved to adjourn

2nd by Richard Hartford

Meeting adjourned at 10:34 P.M.

resp sub.

Dorothy Sanborn

BOSCAWEN PUBLIC LIBRARY

In 1979 the Trustees hired Roger Guay and Company to make repairs to the Main Library. They repaired the columns in front and painted them, replaced tiles on the roof, built a set of glass doors for the histories in the back room, built shelves in a closet and repaired the back door of the Library which had been broken. They started replacing the mortar and the bricks on the outside of the building until cold weather set in, and the work will be finished in the spring.

We have gotten a lot of new and interesting books including all those on the best seller list. We have also received a set of income tax forms which may be seen at the Library.

In the spring of 1979 we engaged Alan Blanchard, a CPA from Penacook, who audited the books of Joy Sloane, Treasurer for 1978, and certified the figures as being correct.

Buelah C. Nardini, Chairman
Library Board of Trustees

1980 LIBRARY BUDGET

Boscawen Library Trustees
Boscawen
New Hampshire

Ladies and Gentlemen:

I have reviewed the records of the Treasurer of the Boscawen Library Trustees for the Year Ended December 31, 1978 and the period ended March 16, 1979 and I submit a Statement of Revenue, Expenditures and Fund Balances—General Fund, and Special Funds and Notes to Financial Statements for the periods then ended.

My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as are considered necessary. No records of physical assets and book inventories have been maintained and, accordingly, no report of them is included. The funds reported are as set up by your Board.

Prior years audits have not been relied upon and adjustments were located which affected the beginning fund balances and a summary of those adjustments is included in the Notes.

A cash method of accounting has been used by the library and there was no way to verify encumbered amounts and, therefore, these statements are prepared on a cash basis.

In my opinion, subject to the comments in the above paragraph, the accompanying statements and the books and records properly reflect the revenue, expenses and fund balances of the Boscawen Library Trustees for the period involved.

Sincerely,

Alan F. Blanchard

Enclosures

BOSCAWEN LIBRARY TRUSTEES
Notes to Financial Statements
 December 31, 1978 and March 16, 1979

The books of the Boscawen Library are kept on the cash basis representing a record of the receipts and disbursements of the general fund checking account. Each entry is allocated to a particular trust or general fund balance. In addition, certain funds are maintained in savings accounts which are included in these financial statements.

The fund balances at January 1, 1978 have been adjusted and the following summary reconciles the balance reported in the 1977 Annual Town Report to the books as well as reflects the proper adjustments.

	General Fund	Book Account	Grimes Trust
Fund Balances, December 31, 1977 (Per Annual Report)	\$1,753.50	\$2,063.04	\$172.21
Adjust — To Balance Above	(3.00)		
Town Auditor — Adjustments	(18.86)		
1977 Interest — Not Recorded	10.98		
Balance Per Books	1,742.62	2,063.04	172.21
Adjustments — 1976		66.00	
Adjustments — 1977	(6.00)		(.45)
Encumbered Funds	(532.70)		
Adjusted Fund Balances December 31, 1977	1,203.92	2,129.04	171.76

No record of plant, equipment and library books has been maintained or recorded and, therefore, the Balance Sheet does not reflect value of them. The responsibility for the maintenance of these assets, however, resides with the Trustees.

------------------------------------	-------------	-------------

* This amount is reimbursable through State Highway Funds

FIRE DEPARTMENT REPORT

In 1979, the Boscawen Fire Department responded to 145 calls; this is a decrease of 14 calls over last year.

Chimney fires have decreased; I feel this is due to increased public awareness in using woodburning devices. If you are planning to install a woodstove, the Fire Department recommends that a minimum of 36 inches clear space on all sides of the stove be maintained. A properly installed stove that is used with common sense can be a safe and economical source of supplemental heat. The Mutual Fire Insurance Association of New England has a brochure entitled, "Don't Lose Lives Saving Energy" which covers stove installation; copies of this brochure are available at the Selectmens' Office.

Training for fire personnel is being conducted one night per week in addition to special training sessions at Fitzwilliams Drill Yard, Capital Area Compact and Twin Rivers Mutual Aid.

I would like to take this opportunity to thank all fire personnel for their cooperation and effort during the past year.

If at any time you have any fire-related problems, please do not hesitate to call us.

Respectfully submitted,

Roland D. Bartlett
Fire Chief

REPORT OF FOREST FIRE WARDEN AND
STATE FOREST FIRE SERVICE

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipal forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

1979 Forest Fire Statistics

Forest Fire Warden

CHIEF'S MESSAGE

Another year has passed and my department has experienced a greatly increased work load beginning in the later months of the year. The combination of the economic problems linked with a more complex judicial system has moved me to request an additional full-time officer in my 1980 proposed budget.

This officer will be used to maintain a full-time department year round instead of utilizing part-time personnel to fill in for vacations, schools, sick leave etc. which now takes up approximately five months of the year.

Thinking along those lines of being shorthanded for almost half a year to begin with and the State mandating us to train part-time personnel as well as full-time personnel, the Police Commission agrees with me that the full-time position would be money well spent and cost effective for the town in the long run.

My budget has passed the budget committee as of this writing and will be before you at the annual meeting for your approval.

The only other major item proposed for my department will be entered under a special article to buy a new cruiser. This cruiser will be to replace the 1975 Pontiac which has approximately 115,000 miles on it.

During the year Brian Estee was appointed to a full-time patrolman due to a vacancy created by the resignation of Thomas Edney. Brian had worked for the department on a part-time basis for approximately four years and is a graduate of St. Anselm's College where he majored in Criminal Justice.

The department also co-sponsored a Bicycle Safety Rodeo along with the Parks and Recreation Department, the Boy Scouts and the Cub Scouts at the Boscawen Main Street School this past year. This program was fully funded by the local merchants and was a great success. Hopefully this program can continue to be run annually and with a little luck the attendance could be even greater if somehow we could work it around all the other summer activities. (Thank you merchants for a worth-while program.)

In closing, I would like to thank you, the citizens, for your continued cooperation with my department and would like to stress to you that if something looks out of place, don't hesitate to call — no matter how small the problem might seem.

When the economic problem grows, so does the crime rate!

Carl D. Russell
Chief of Police

SPECIAL ARTICLE — NEW CRUISER \$6,800.00

OVERSEERS' REPORT

January 1 to December 31, 1979

Direct Aid	\$1,563.28	
Old Age Assistance	3,131.22	
Total		\$4,694.50
Town Welfare Budget 1979:	\$8,000.00	
Amount Expended:	4,694.50	
Surplus:		\$3,305.50

In preparing this report, we found that the Town aided 11 families on direct aid, which represents one more than last year. The amount of hours, the telephoning, the paper work and the listening would indicate that many more people had been aided. Actually, the number that applied for aid is considerably larger than the actual number assisted. Unfortunately, the selectmen receive requests for aid more frequently now from those who appear to believe "it's their right" that the town foot the bills which result from family quarrels or disagreements.

The Selectmen have resisted these pressures and have, instead, followed the laws and welfare guidelines. In some cases, our resistance has helped families remain together and to salvage the family pride.

We anticipated a deficit budget for welfare this year because of the skyrocketing cost of home heating supplies. Fortunately, our winter was a record-breaking mild one. Also many more federal and private programs have been initiated to aid in this area. This, obviously, has helped the towns in their welfare endeavors. One of your selectmen is directly involved with a religious group that has set up a private and personal attempt at aiding people. Also, C.A.P. and other programs have expanded budgets to spend in aiding our poor and needy.

The temptation to reduce the welfare budget was very great indeed, but we realize that next year could very easily be a typical winter and this could easily deplete our available funds. We are therefore asking for the same amount and hoping for a prosperous economy and a mild winter.

David R. Plourde
Richard G. Sweatt
Richard C. Hartford

CONSERVATION COMMISSION

The Conservation Commission has been relatively active this past year, addressing itself in several areas. We have received most all our inventory of cataloguing material, and are presently working on a use map of the Weir property.

During the summer two members met with a representative of the Bureau of Solid Waste Management concerning the tannery waste site on the Weir property; this proved to be a very informative session in that we had the opportunity to view and understand the site closure plan set forth by that State agency. To date, one site has been closed in accordance with the plan, with the second being prepared for closing.

The Commission feels that the Weir property should be retained by the town as open space for future development as recreational and educational use. We have so recommended this to the Selectmen.

The Commission also discussed the possibility of transplanting wild turkeys in Boscawen and was in the process of talking with Fish and Game officials about our town land. It appears that the Fish & Game Department had also been looking at Boscawen and we now have a transplant in the N. Water St. area.

The coming year should be both challenging and informative; challenging for us in that we would like to become more visible in the community. By being informative, I believe we can accomplish this. There are areas of conservation education that can be brought to schools and public meetings, workshops can be developed and presented. Working closely with other groups can consolidate efforts and gain a more constructive use of our labors . . . i.e. we have met with the Recreation Committee discussing the possibility of a boat launching area on the Merrimack River as a cooperative venture.

In other plans for the year ahead is a survey of wet land in the town; noting location, size and uses. If anyone knows of an area they feel should be specifically noted or one that may have unique features, terrain, plant or animals, etc., please feel free to contact anyone on the Commission. Any amount will be helpful and greatly appreciated.

In closing, I would like to thank all the Commission members for their time, cooperation and the interest they have shown. I would also like to welcome our new member Rhoda Hardy, her ideas and participation have enhanced our group.

At the present time we are still lacking one member of the Commission, if you have a desire to get involved and you feel you have something to offer or if you know someone who may, contact the Selectmen's office or a member of the Commission. Thank you.

Respectfully Submitted,

Douglas R. Supry, Chairman	Brad Marshall
Lois Hartford, Secretary	Matthew McKerley
Rhoda Hardy	Bruce Sloane

PLANNING BOARD

The Boscawen Planning Board met almost monthly during 1979 to act upon subdivision requests and requests for lot line adjustments. In addition, the Board held public hearings for the flood plain zoning amendment which was accepted by vote of the Town.

The Board is presently in the initial stages of updating the Master Plan for the future plan of the Town. We would welcome citizen volunteers to help with this important work. A questionnaire will be sent to each resident during the coming months in order to gather more information and input for the Master Plan.

The Board is working with the Selectmen and a space needs committee to help establish a plan for future town officers space.

The Planning Board will be republishing the subdivision and zoning regulations this year and will incorporate into them the recently passed regulations and other changes.

Because of recently passed state legislation, the time frame and procedures for subdivision requests have been noticeably altered. Citizens should be advised that subdivision deliberations require more time and expense than in the past.

We were fortunate to acquire the services of a capable and experienced planning board secretary, Carmen Osgood. She also is secretary for the Zoning Board of Adjustment, which makes for good communications between the two Boards.

The large increase in the Planning Board Proposed Budget is due to the inclusion this year of the dues of the Central N. H. Regional Planning Commission and printing costs.

PARKS & RECREATION COMMITTEE

In 1979 your recreation committee for the Town of Boscawen applied to the United States Department of Interior for a 50-50 Grant to develop the old New England Forestry Property. With this grant we plan to construct 2 Tennis Courts, 1 Basketball Court and a Parking Lot. As of this printing the project has not received final approval but the approval should be forthcoming. After approval we hope to see the project completed during the Spring of 1980.

A grant was also applied for and received from the CETA project to clean up the old Dorval property. With these funds the existing building on the property was cleaned of all refuse and a new coat of paint was applied to the exterior. The land was cleared of brush and debris and is ready for additional improvements over the next few years. This will depend on our ability to obtain financial help from government programs.

Bill Weir who directed our Summer Recreation Program reported that 1979's park program was successful with over 100 children enrolled and taking part in various summer activities. We are hoping with a little luck that we can have our summer program at our new facility in 1980.

The suggestion was made and approved by our committee that we name the Little League diamond after Jamie Welch. We sent a letter to the Selectmen with our recommendation upon which it was voted on and approved.

We, the committee for the Parks and Recreation for the Town of Boscawen, are pleased with the progress to date. We would also welcome any questions or suggestions that any of our townspeople may have. Please feel free to contact any of the following members of the committee.

BOSCAWEN TOWN PARK – SUMMER 1979

Park Director – William Weir Ass't Director – Mary Moore

I – Total of Registrations: 117

Highest Attendance Day: June 28, 1979 52 a.m. 63 p.m.

Average Attendance Day: 35

II – Activities completed this Summer:

Tennis	Hiking
4 square	Swimming
Softball	Croquet
Quiet games	Coloring
Arts & Crafts	Wiffleball
Frisbee	Soccer
Cookouts	Home Run Derby
Library & Story telling	Skate Board
Scavenger Hunt	

III – Special Events and Participation

Hike & Swim – 51

Home Run Derby – 25 5 winners to Red Sox Game.

Tennis Tourney – 20 5 winners to Volvo

Skateboard Contest – 15

Pet Show – 10 pets

4 Square Tourney – 25

Hikes to Windy Goul – Whole Park

Frisbee – 12

Hula-Hoop – 7

Bubble gum contest – 30

Bike Hikes – 30

IV – Special Park Trips

July 23 – Little Red Wagon and Swim at Rolfe Park

30 children 4 adults (no charge)

July 25* – Wellington State Park – Picnic & Swim

30 children 5 adults (no charge)

August 13* – Franconia Notch Trip – Tramway, Flume, Clark's Bears

20 children 4 adults (no charge)

August 22 – Swim at Rolfe Park

25 children 5 adults (no charge)

August 23* – Wellington State Park – Picnic, Swim and Hike to island

45 children 6 adults (no charge)

* – 2 Mini Busses from Mrs. Drown

30¢ per mile & Driver

In conclusion it was a very successful summer for both Mary and myself. I hope that attendance will increase next year on a more constant daily basis. I also recommend:

1. More transportation to swimming areas (Rolfe Park, Newfound)
2. Rental of a small bus for weekly trips
3. More cooperative activities for children (5-10) and increase in Motor Skill games and activities (Hikes, small games, art)

Sincerely,
WILLIAM WEIR, JR.
Park Director

STUDY COMMISSION FOR MUNICIPAL OFFICES

The Study Commission on town office space has concluded that it would not be cost effective to utilize any existing town building for town offices and meeting rooms and proposes a building be erected at the site of the Police Station and Much-I-Do Fire Station. This being town owned land, it would not necessitate the purchase of additional property. Additionally, according to the latest Regional Planning Study, it is within $\frac{1}{2}$ mile of the center of population of Boscawen.

The Commission recommends the construction of a full basement building, large enough to house all town offices and meeting rooms under one roof.

A site study was requested of several architectural firms and at least one should be available to present at town meeting. This is intended to illustrate the best site for the building in relationship to other structures presently located on the property.

Due to the financial impact of an expenditure of this magnitude, the Commission requests an additional year to complete this study including energy efficiency, to come forth with a proposal.

Donna MacIvor, Chairman

CONCORD REGIONAL VISITING NURSE ASSOCIATION

Visits made during the year beginning October 1, 1978 to September 30, 1979

Nursing	373 visits
Home Health Aide	24 visits 24½ hours
Physical Therapist	113 visits
Homemaker	29 units
Nutritionist	1 visit
Occupational Therapist	28 visits

The Concord Regional Visiting Nurse Association, Inc., continued to service Boscawen for the fourth year. They have provided skilled nursing care for anyone sick in the home, especially those needing continuity of care after discharge from the hospital. They are available to give hypodermic injections, change surgical dressings, and do other treatments prescribed by the attending physician. When indicated, family members have been instructed to give care between the nurse's visits.

Special services such as, physical therapy, speech therapy, occupational therapy, and nutritional guidance have been given the special staff and consultants in order to assist with the rehabilitation of an acute or chronic illness.

When family members are unable to supply all the needed care, a staff of homemaker — home health aides are available to give physical care, do light housekeeping, and assist with meal planning and meal preparation.

The nurses are delighted to advise new and expectant mothers in the care of themselves and their babies. They are also glad to work with families and individuals on normal nutrition, sickness, and accident prevention.

Anyone in Boscawen may request these services — doctor, family, pastor, friend, or the patient himself. Patients are also referred by clinics and other agencies. All calls are answered, but continuing care can be provided under a doctor's orders.

A call to the Concord Regional Visiting Nurse Association, Inc., (224-4093) between the hours of 8 a.m. and 10:30 p.m., seven days a week is all that is necessary to start services or make inquiries. Fees may be scaled to those unable to pay the entire amount.

Sincerely,
LUTIE K. PIPER,
Executive Director

**WARRANT FOR ANNUAL MEETING OF
PENACOOK-BOSCAWEN WATER PRECINCT**

To the inhabitants of Penacook-Boscawen Water Precinct in the County of Merrimack and the State of New Hampshire, qualified to vote in Precinct affairs.

You are hereby notified to meet at the Boscawen Town Hall in Boscawen in said Precinct on the 25th day of March, 1980, at 7:30 o'clock in the evening, to act upon the following subjects:

1. To hear the reports of the Precinct officers and pass any vote relating thereto.
2. To choose all necessary Precinct officers for the ensuing year.
3. To see if the Precinct will vote to raise and appropriate the amounts listed in the budget for 1980.
4. To authorize the Precinct Commissioners to borrow money in anticipation of Precinct Taxes and other revenues for the year and to issue notes therefor at such time within one year and at such place as the Precinct Commissioners shall determine.
5. To see if the Precinct will vote to give the Commissioners authority to transfer any unexpended balances of money from one appropriation to another.
6. To transact any other business which may legally come before the meeting.

Given under our hands and seal this 4th day of February, 1980.

K. Colby Knight
James Hewey, Sr.
Maxwell Millard, Jr.

A true copy of Warrant: Attest

COMMISSIONERS' REPORT

The most significant event in 1979 as far as the Penacook-Boscawen Water Precinct is concerned was the completion of Environmental Engineers' study. The study covered many areas, but a few are particularly important as the Precinct faces the requirements of the Safe Drinking Water Act.

An extensive groundwater exploration program was carried out to determine if groundwater were a viable source of good water. Although many holes were drilled, only one hole appeared to have enough water to be of any interest. Unfortunately, the little water the hole did produce contained too much iron to be useable. Therefore, the study recommends improving the situation at Walker Pond.

The main drawback to Walker Pond is suspended organic matter in the water. Fortunately, this defect is considered a violation of a secondary standard and not a severe threat to health. The suspended organic matter does inhibit the effectiveness of the chlorine used for purification and therefor must be dealt with. The study recommends installing a compressor and extending air lines to the intake area to both increase turbulence and oxygen in the water.

Another recommendation is upgrading safety aspects of the new pumping station. We cannot stress strongly enough the importance of carrying this out: chlorine gas is deadly even in small concentrations. By placing the ventilation fans on the same switch as the lights, any chlorine would be vented when the lights were turned on. The present fans are badly corroded because of their exposure to chlorine and therefore must be taken care of.

The replacement of the chlorination system is being held in abeyance until the Precinct can determine whether it has any legal recourse against the suppliers of the present equipment which has never performed satisfactorily.

The study contains other suggestions as to how the Precinct can improve its operations and these will be explained at the annual meeting.

Again the Precinct is faced with inflationary pressures on its costs. Salaries and wages have been increased in an attempt to soften the impact of rising prices on the Precinct employees. The Commissioners feel that these people have carried out their tasks very well. The cost for materials are anticipated to increase markedly this year so the Commissioners have increased budget items accordingly.

JOHN E. RICH & COMPANY
Accountants and Auditors

February 7, 1980

Board of Water Commissioners
Penacook and Boscawen Water Precinct
Boscawen, New Hampshire 03301

Gentlemen:

We have examined the balance sheet of the Penacook and Boscawen Water Precinct as at December 31, 1979 and the related statements of income and retained earnings and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned statements present fairly the financial position of the Penacook and Boscawen Water Precinct at December 31, 1979 and the results of its operations and changes in financial position for the year then ended in conformity with generally accepted accounting principles for municipalities applied on a consistent basis.

Respectfully submitted,

David L. Connors
Certified Public Accountant
JOHN E. RICH & COMPANY

NOTES TO FINANCIAL STATEMENTS

December 31, 1979

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Assets, Liabilities, Income and Expenses

The above are recognized on the accrual basis of accounting. Inventories are stated at cost (first-in, first-out basis).

Property, Plant and Equipment

Property, plant and equipment are recorded at cost. Assets acquired by the Penacook and Boscawen Water Precinct are depreciated on the straight-line method over their estimated useful lives. The range of annual depreciation rates is as follows:

Buildings and Structures40 Years
Standpipes30 Years
Mains, hydrants, Services30-50 Years
Other Equipment	5-20 Years

Although still in use, assets that are fully depreciated are removed from the accounts.

NOTE 2 – PENSION FUNDS

The water precinct provides for pension benefits to substantially all employees through a contributory retirement system under New Hampshire law. The law prescribes the formula for computing retirement allowances and presently does not permit advance funding of pension liabilities. Retirement allowances are paid from water precinct funding and employee contributions, based on age and date of entry. Employee contributions constitute an annuity savings fund from which a portion of the retirement allowances is paid. Pension expense for the year totaled \$1,425 determined on an actuarial basis. The unfunded past service liability of the entire retirement system was approximately 19 million dollars (approximately 17 million dollars state liability) and is being amortized over a twenty year period terminating in 1993. The value of vested benefits has not been determined.

NOTE 3 – ACCUMULATED UNUSED EMPLOYEE BENEFITS

Accumulated unused vacation and sick leave at year end is quite small and does not exceed a normal years accumulation.

NOTE 4 – LONG-TERM INDEBTEDNESS

Future long-term indebtedness requirements are as follows:

Year	Principal	Interest	Total
1980	\$19,500	\$12,655	\$32,155
1981	19,500	11,722	31,222
1982	19,500	10,816	30,316
1983	19,500	9,909	29,409
1984	19,500	9,004	28,504

Subtotal

1985 & thereafter

Total

NOTE 5 – LITIGATION

As of the time of this report, no litigation is pending in the precinct.

NOTE 6 – ADJUSTMENT TO
OF RETAINED EARNINGS

The beginning balance of the retained earnings account as a result of a reclassification of expenses is immaterial.
